Good afternoon,

In my original request for a meeting, I failed to describe that in looking to focus our discussion around policy and technical concerns, we were not planning on including our legal folks at this point. I just wanted to clarify that point prior to our meeting.

Please let us know if you have any concerns in this regard.

Thank you,

Thanks Randy,

I've included Lyle in this response. I would be happy to set up a web conference (Google) and send out an appointment for next Wed from 10:00-12.

Thank everyone and talk to you then,

James,

I'd like to confirm that our group can do the 10 AM -12 PM time on February 3rd. Also, I noticed from your email addresses that Elwha hasn't been contacted about this request, so you may want to reach out to Lyle Almond (lyle.almond@elwha.org) as well. Additionally I've added Scott Bass to our group on this email thread. Will you be sponsoring the call-in or zoom and sending info for that?

Thanks, and see /hear you then-

Randy

Hi James,

I'll need to check in w staff for that time, we have a few other meetings going on, but I may be able to move some of that around to accommodate a 10 am -12pm slot. I'll get back to you later today.

Thanks

Randy

Good afternoon,

We are interested in having a discussion on this year's NOF process, with regard to the mid-HC management objective and any other issues you may wish to discuss. We are interested in your thoughts on how this year's co-manager negotiation may go and also for you to help inform our guidance for this year's Council letter.

We have some time this next week, on Wed 2/3, between 10:00-12:00 or 1:00-3:00, if an hour or so in there would work?

Please let me know if and which time would work next Wed. If not, we can look to future weeks.

Thank you,
