Subject: Re: Fall Chinook discussion for 2021

Great, thanks Casey. I'll send an appointment out to folks after the call this afternoon.

James,

Sorry for the belated response. I received work from Mike the 11-2 next Tuesday is the preferred date. That would work for me.

Casey, Jon,

Puyallup folks suggested a group meeting next Tuesday. Let me know if that could work for you. I will send out a group email with some suggested times.

Thanks,

Good morning Casey, Jon

Wanting to set up a short discussion on the Green and Lake WA fall Chinook conservation objectives for this season. I'm reaching out to the individual tribal managers first but if it turns out scheduling a mid-Sound group discussion is more preferable, we can look to schedule that as well.

I have a fairly open schedule the rest of this week and next week. If there's a half hour that would work for you, let me know and I will make it work on my end and schedule a call.

Thank you,
