Yes, when we get closer to the fishery we will set up a schedule and the call in info, and we will add you to the list.

BTW, thanks James for catching the Dewatto mistake, Scott corrected it and we will send you the new version when I get back next Tuesday.

Thanks  
Randy

Thanks, Randy. Would we be able to receive a weekly briefing on the catch reports mentioned in the proposal, to be discussed at the weekly in-season conference calls? Would you see any issues with that?

Thanks,  
Christina

Thanks Randy,

I did notice that in the closed areas section, that the Dewatto was listed. I believe that this is in Area 12C. I'm sure it may be pointed out by others.

Thanks for sharing,
