Subject: Update on consultation

Hi Rudy,

I think we almost have all of the pieces to submit except for the EA. That was a bit delayed with the lateness of getting all of the issues resolved. We are planning on sending the package in the next day or two with everything but the EA. That should be available by the middle of next week. Hopefully the consultation can move forward with the understanding that the NEPA work will be available soon. Let me know if you want to discuss.

Thanks,
Rob
