Subject: I'd like to discuss the early May fishery for this year

Good afternoon,

I'd like to have a quick call to go over some details related to this year's early May fisheries. I want to make sure that everyone has the same understanding about our biop process and schedule for this year to inform your fishery decisions.

I have time this afternoon or time after 9:00 tomorrow. I can set up a call if you let me know times that work for you.

Thank you,
